

## Product line-up 1<sup>st</sup> Quarter 2019

# Hanwha

Hanwha is ranked as the 8th largest corporation in South Korea based on asset size, and is a Fortune 500 company. With 70 affiliates and 325 global networks, Hanwha's global businesses span the manufacturing and construction; finance, and service and leisure industries. With its 25 years of technological knowledge and expertise in optical and image processing, Hanwha Techwin is leading the CCTV and video surveillance market.

1977 Established the company

1991 Initiation of video surveillance business

1993 Development of nation's first iris lens for CCTV

2008 Release of world's first 37x PTZ camera

2010 Samsung Techwin acquires Samsung's video surveillance business

2012 Release of world's first 37x zoom interworking IR PTZ camera

2013 Release of Wisenet3 camera

2015 Hanwha group acquires Samsung Techwin and Hanwha Techwin is established

2016 Development of WISENET5 ISP Chip (SoC)

2017 Release of Wisenet X camera

# WISENET

WISENET is the signature brand of Hanwha Techwin's security business.

It embodies the spirit of building a safe, secure, and connected world.

## Core value

### Complete

- Seamless Security
- Dependable Quality
- Comprehensive Solutions

### Assured

- Partner-assured
- Buyer-assured
- User-assured

### Value-added

- Added Usability
- Added Flexibility
- Added Possibility

Based on world class optical image processing technology,  
Wisenet provides high-resolution cameras, recording devices and  
enterprise management software.

For a complete security solution including intelligent video analytics,  
Hanwha offers a full lineup of  
video surveillance solutions.

# WISENET X series

Defining the new standard of excellence

## The Most Powerful Chipset Wisenet 5

Wisenet X series is supercharged by the most powerful chipset ever incorporated into a full camera range.

The Wisenet 5 chip uses an all-new architecture that enables faster processing. That means you get the best video performance just when you need it.

True WDR performance (150dB)

Improve bandwidth by up to 99% using WiseStream II

Digital image stabilization with Built-in Gyro sensor

Clearer and colored image even in low light environments

Enhanced video / audio analytics

# WiseNet X PLUS

## Easy Installation with Modular Structure

The X Plus cameras feature a modular design that makes installation and maintenance simpler than ever.

With extended tilt range, DIS & shock detection with gyro sensors, motorized PTRZ, and optional skin covers, you will soon discover why X Plus is one of the most versatile camera lines on the market.

Magnetic modular design

Extended tilt range and audio playback on event

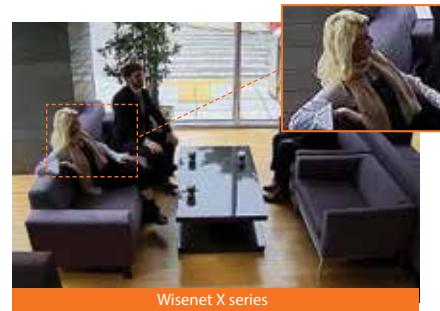

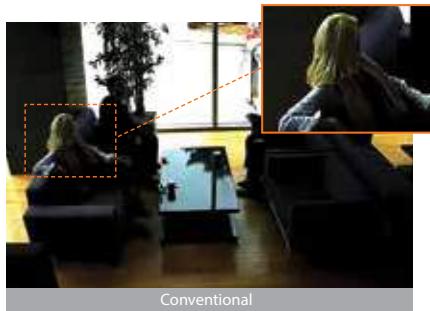

Sun Shield      Black & Ivory skin cover

Optional accessories for various applications

# WISENET X series

## True WDR performance(150dB)

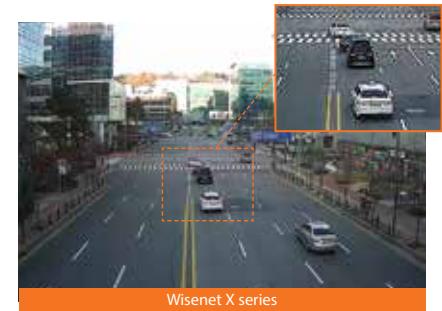

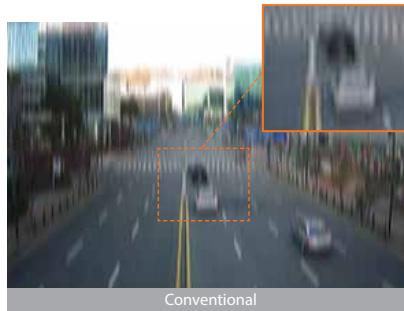

Conventional WDR captures images by taking 2 frames taken at different exposures, whereas Wisenet X series cameras utilize 4 frame capture at different exposure levels to create a combined image. With the development of cutting-edge WDR technology, Wisenet X series cameras address a limitation found in conventional WDR cameras while producing clear and vivid images.

※150dB WDR only available in 2MP X series

## Digital Image Stabilization(DIS) with built-in Gyro sensor

Advances in Wisenet image stabilization technology allows the reduction of motion blur caused by wind or vibration. A gyroscopic sensor plus DIS technology is specifically added to the Wisenet X series cameras for more accurate stabilization.

## extraLUX provides clear and colored images, even in low-light environments

Wisenet X series achieves optimal performance in low-light conditions by producing crystal-clear and true-color images without IR LEDs, regardless of the environment or time of day. The extraLUX series (XNO-6085R, XND/XNV-6085(V)) feature outstanding F0.94 lens with the 1/2" CMOS sensor, capturing vivid color images even in low-light environments.

## Improve bandwidth by using WiseStream II

Using WiseStream II , Hanwha Techwin's original video compression technology, the Wisenet X series reduces data by up to 99% compared to current H.264 technology, when combined with H.265 compression. System costs are also greatly reduced without comprising image quality.

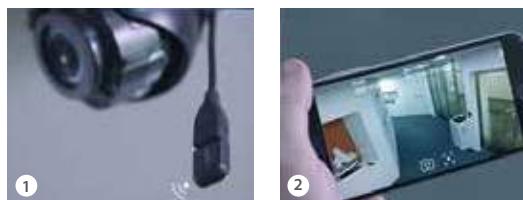

WiseStream II OFF : 7160kbps WiseStream II ON : 74kbps

WiseStream II OFF : 7260kbps WiseStream II ON : 1817kbps

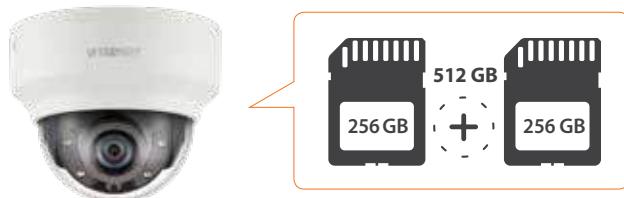

## More convenient installation with USB

Using the USB port, the installer can easily connect Wisenet X series cameras and mobile devices through Wi-Fi. Viewing and adjusting camera angles can be done immediately after installation by using a smartphone. No additional devices are required, saving both time and money.

## Dual SD slots

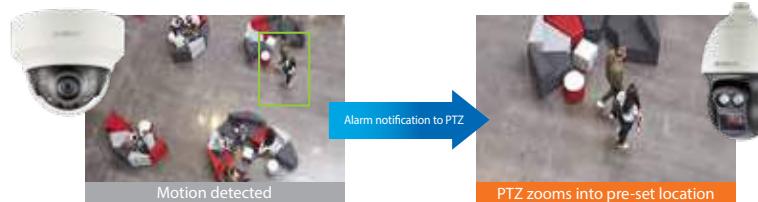

Dual SD slots allow up to 512 GB to be saved automatically to the camera, keeping data safe in the event of an unstable network. Obviously this allows to record more video footage than single SD slot.

## Handover to PTZ

The handover feature allows a PTZ camera\* to receive an alarm(motion detection) from Wisenet X series camera operating on the same IP video surveillance system. Once the notification is received, the PTZ camera will zoom into the assigned camera pre-set location.

\*PNP-9200RH / XNP-6370RH

## Fog detection

Wisenet X series delivers outstanding image quality in foggy weather with Fog detection. Any change in an image is automatically detected with the defog function to provide a clear image.

## Enhanced Video / Audio Analytics

Wisenet X series support a variety of exclusive Video and Audio Analytics, providing enhanced monitoring solutions and market intelligence.

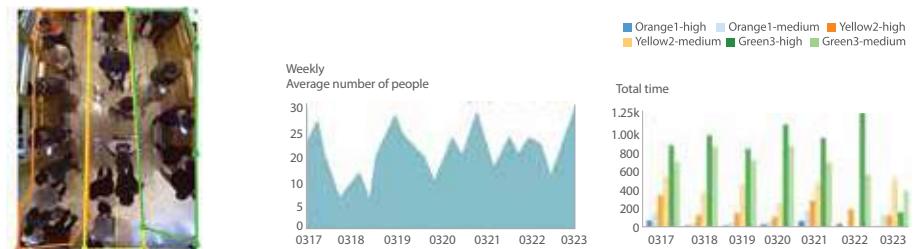

### Loitering detection

This feature detects when an object remains in a designated area longer than the time threshold set by the user.

### Queue management

This feature provides statistical analysis and measurement for average dwell time and number of people in a queue. This insight is critical for businesses to manage their operations more efficiently, while providing the insight necessary to manage campaigns, displays and promotions throughout retail locations.

### Sound classification

Wisenet X series cameras help users respond immediately in dangerous situations, by classifying sounds such as gunshot, glass breakage, scream and explosion.

# WISENET P series

## Premium cameras with the most advanced technology

Wisenet P series, the ultimate premium cameras are designed with the most advanced technology, delivering users an outstanding video surveillance solution. From bullet cameras to multi-sensor cameras, P series have a wide range of products optimized for applications which require extreme detail and wide area coverage.

## Exceptional image quality of 4K Ultra HD

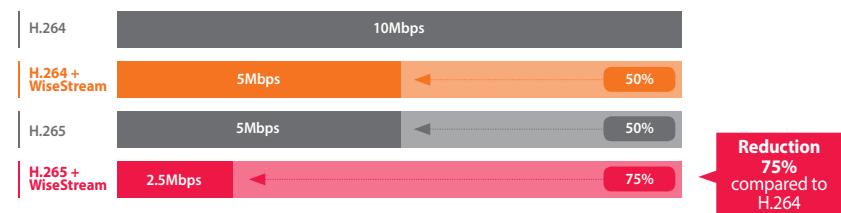

The Wisenet P series provides an enhanced surveillance system by producing superior 4K Ultra HD image quality. 4K Ultra HD has four times the resolution of standard 1080p, which means it is able to show more detail.

PNO/PND/PNV-9080R, PNP-9200RH

## Improved Bandwidth with WiseStream technology

Wisenet P series 4K camera's streaming performance is greatly enhanced by applying an advanced compression technology called WiseStream. WiseStream can reduce bandwidth by 50% by using dynamic technology, and when combined with high efficiency video coding (H.265), the bandwidth efficiency can be improved by up to 75% compared to current H.264 technology.

# WISENET P series

## Cover wide areas with multi-sensor cameras

Wisenet P series multi-sensor cameras are equipped with multiple sensors, which means that it can effectively monitor wide areas with just one camera. By installing Wisenet multi-sensor cameras, the cost of system installation and maintenance is reduced while successfully monitoring wide areas.

### Multiple view modes

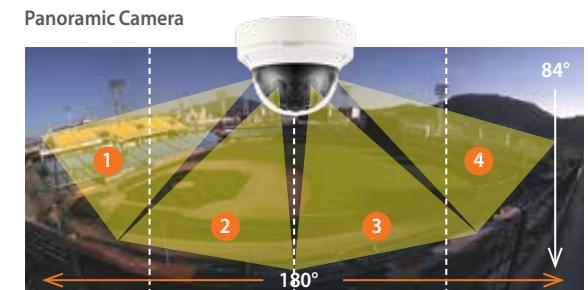

Choose from a variety of viewing options that fit your needs by using the broad line-up of Wisenet multi-sensor cameras.

PNM-9081VQ, PNM-9080VQ,  
PNM-9000VQ, PNM-7000VD

PNM-930VQP

PNM-9030V, PNM-9020V

### Selectable and changeable multiple lens

(PNM-7000VD/9000VQ/9320VQP only)

Choose a wide variety of lenses from 2MP 2.4mm to 5M 7.0mm for each sensors in PNM-7000VD / 9000VQ / 9320VQP. Due to the wide variety of lens selection, users can create the most optimal field of view for their desired monitoring areas.

\*The applicable lens differs for each camera.

### Optimized for indoor and outdoor environments

Wisenet P series panoramic and multi-directional cameras are suitable to monitor even the smallest details in a wide area. They are ideal for applications such as warehouse, shopping mall entrances, train stations, parking lots, and more supporting IP66, IK10.

• Warehouse Square • Mall entrance Distribution center • City Surveillance Crossroads • Airport Train station • Parking lot • Stadium

# WISENET Q series

## Compact cameras with essential qualities

This affordable product line delivers professional quality, ideal for securing small to medium sized applications. The Q series has the ability to create a secure environment with its complete lineup, saving both installation costs and time.

## Complete line-up of indoor and outdoor cameras

Wisenet Q series offers a wide range of indoor and outdoor Bullet / Dome / Vandal / Flat eye / PTZ cameras which covers multiple applications such as retail, banking, offices, transportation and more, while delivering sharp and clear image quality.

## Perfect for small to medium sized applications

The complete line-up of Wisenet Q series has the ability to solve small to medium sized application challenges. Save both installation costs and time by using the Wisenet Q series together with NVRS to create a suitable solution for small to medium sized applications.

# WISENET T series

## Specialized cameras for challenging conditions

T series offers explosion proof and thermal cameras which ensure a reliable video surveillance system even in the most challenging conditions. Explosion proof cameras can be used in heavy industrial facilities where a single spark may cause an explosion and thermal cameras are suitable for detecting people and objects in difficult weather conditions.

## Explosion proof cameras for hazardous environments

Heavy industrial facilities such as gas pipelines or oil refineries are potentially explosive because of flammable gases and dust emitted. T series explosion proof cameras are designed to be safely operated in hazardous areas with the special enclosure made of stainless steel 316L housing.

## Detect people and objects 24/7 with thermal cameras

When challenging weather or lighting conditions occur, it may be hard to distinguish human or objects in a complex background. Wisenet thermal cameras are essential in these situations : they provide clear images based on temperature differences between objects so that users can detect incidents more easily.

Display	(HDMI) 1 / 4 / 6 / 8 / 9 / 13 / 16 / 25 / 36(32) / 2V / 3V (VGA) 1 / 4 / 6 / 8 / 9 / 13 / 16 / 2V / 3V Split mode, Hallway View mode (Up to 20 layouts and sequence)
Power	12V DC, PoE
Additional Features	Up to 49CH, H.265 / H.264 / MJPEG codec, Layout sequence support

## Wisenet WAVE

Wisenet WAVE is an endlessly customizable IP video management platform that gives users the ability to create tailored networked video solutions for any type of project, of any size, on any device.

## Features of Wisenet WAVE

### Simple

Whether it's software installation, server configuration, recording setup, layout creation or system sharing, Wisenet WAVE makes it easy for you!

### Reliable

With built-in multi-server redundant fail-over you can rest assured critical events will never be missed!

### Light and Efficient

WAVE's light weight design runs fast and smooth on some of the lowest system specifications on the market.

### WAVE Sync

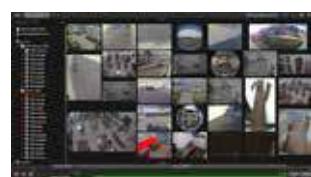

By linking your WAVE system with WAVE Sync, you can easily remote access or share your system. It's that simple!

### Open SDK/API

Do things YOUR way. WAVE's open SDK and API make customizing your software experience a breeze.

### Cross Platform Support

Microsoft Windows, Linux Ubuntu, Apple macOS, Apple iOS, Google Android and most web clients. You use it, we support it!

Dynamic Layout

Motion Search

Storage Analysis

### An Operating System to Suit Your needs

WAVE Sync

Desktop

Mobile

Server

A cloud-based service that enables simple, centralized remote access and insight into any Wisenet WAVE system.

A rich media player designed to view and manage a single Wisenet WAVE system from a desktop or laptop PC.

A mobile app designed for viewing Wisenet WAVE system video and archives while on-the-go.

A media server responsible for discovering, connecting to, and managing system devices and data.

<b>Max Clients per system</b>	Unlimited		
<b>Max Streams per server</b>	128		
<b>Max Servers per system</b>	50		
<b>Max Live Streams</b>	64 (64bit OS), 24 (32bit OS)		
<b>Video Codecs</b>	H.265, H.264, MJPEG		
<b>Audio</b>	AAC PCM (Mu-Law, A-law) G.726 MP3		
<b>Features</b>	2 Way Audio	Events & Rules Engine	Preview Search (Thumbnail Search)
	Adaptive Resolution Scaling	Fisheye Dewarping	Quick System Switch
	Advanced PTZ	Flex Timeline	Remote Connect
	Audit Trail	I/O Devices	RTSP / HTTP Streams
	Bookmarks	IP Cameras / Encoders	Server Management
	Calendar Search	Keyword Search	Smart Motion Search
	Consolidated Notifications	Layouts	Storage Management
	Customizable Layouts	Live Thumbnails	User Management
	Digital Maps	NVRs / DVRs	Videos I/O Device Management

### WAVE Server App

<b>Supported OS</b>	Microsoft Windows, Linux Ubuntu		
<b>System Requirements</b>	<b>CPU</b>	<b>RAM</b>	<b>NIC</b>
Up to 16 streams	Intel Atom (Dual Core)	2GB	1GB
Up to 32 streams	Intel Atom (Dual Core)	4GB	1GB
Up to 64 streams	Intel Core i3	8GB	1GB
Up to 128 streams	Intel Core i3	16GB	1GB

### WAVE Desktop App

<b>Supported OS</b>	Microsoft Windows, Linux Ubuntu, Apple macOS	
<b>System Requirements</b>	<b>Minimum Specifications</b>	<b>Performance Specifications</b>
<b>CPU</b>	Intel Celeron (Quad Core)	Intel Core i5
<b>RAM</b>	2GB	16GB
<b>Graphics</b>	Intel HD Graphics 3000	Nvidia GeForce GTX 1050
<b>Network</b>	1GB NIC	10GB NIC
<b>Storage</b>	HDD	Performance SSD

### WAVE Mobile App

<b>Supported Platforms</b>	Google Android, Apple iOS
----------------------------	---------------------------

### WAVE Sync

<b>Supported Browsers</b>	Google Chrome, Mozilla Firefox, Opera/Opera Neon, Microsoft Edge, Apple Safari
---------------------------	--

\*listed specifications are true at the time of this printing and are subject to change without notice.
