V-series AI Camera

FD9189-V3 / FD9389-V3 / IB9389-V3 / FD9199 / FD9399 / IB9399

NDAA Compliance | 5 YEARS WARRANTY | ONVIF® | GST

VIVOTEK's V-series AI cameras combine advanced intelligence with high-quality imaging, available in both 5MP and 8MP options. With AI-driven incident detection and real-time alerts, the cameras provide live-streaming capabilities to enhance deterrence. The user-friendly design reduces installation time and maximizes safety. This product series is the ideal solution for building a reliable and effective security system.

Features

● Hardware ● Software

5 / 8MP Resolution AI Camera	**40 Meters IR Illuminator**
HDMI Output Streams live camera footage	**Simple Installation** Single (T10) Screw Mechanism and Interchangeable I/O Cable
TPM 2.0 Encryption Chip Protects sensitive data and credentials	**Trend-Micro™ IoT Security** Defend and Quarantine Vulnerability Protection
Vision Object Analytic Identify people, vehicles and attributes	**Smart VCA** Accurate detect incidents VCA
Deep Search Available with supported platform AI	**RealSight Engine** Clear Visibility of people in any lighting

Great Image Performance Powered by RealSight Engine

Clear visibility of people in any lighting

This feature ensures sharp, detailed capture of individuals, even in motion or challenging lighting conditions, without manual adjustments, the RealSight Engine automatically delivers clear images no matter day or night.

Clearly capture moving figures

See individuals without being affected by IR light reflections

Clearly see portraits under backlight
Advanced Analytics

AI detection for accurate alarm

VIVOTEK Smart VCA offers precise object and attribute tracking, providing detailed video analytics for targeted monitoring and quick searches.

Built-in Analytics								🔒 Paid Analytics		
Smart Motion	Line Crossing	Intrusion	Loitering	Face	Crowd	Missing Object	Unattended Object	Running	Parking Detection	Restricted Zone

FIPS 140-2 Certified TPM 2.0 Chip

The TPM 2.0 chip provides hardware encryption to protect confidential and cryptographic data, prevent unauthorized access, and also ensures system integrity for long-term security.

HDMI output direct stream live footage

The camera is equipped with a built-in HDMI output port, allowing it to connect directly to the monitor via an HDMI cable. This setup eliminates the need for a video receiver to display surveillance footage, requires no additional wiring, and does not interfere with the existing decoration.

# Build for Easy Installation

Simple installation

VIVOTEK's product design facilitates an easy and efficient installation process: only a single size of screwdriver is required to disassemble and install the camera device. Additionally, compatible accessories are provided to meet various installation requirements across different environments.

Effortless Cable Installation

Single (T10) Screw Mechanism

Interchangeable I/O Cable

Complete Video Security with VIVOTEK Solution

Access and manage all devices and accounts through a single platform, providing accurate event monitoring and intuitive security system operation video investigation no matter where you are.

Instant notification to aware incident

Integrated with VORTEX, key individuals can be promptly notified through mobile push on VORTEX app or email, enabling proactive deterrent measures and the prevention of violations.

VORTEX app
avaiable on iOS and Android

Best way to search for footage – Deep Search

Effortlessly find evidence without the need to access numerous video footages by using Deep Search, which enables efficient searching for video clips based on various attributes. View snapshots of people and their paths, eliminating the need for video replays.

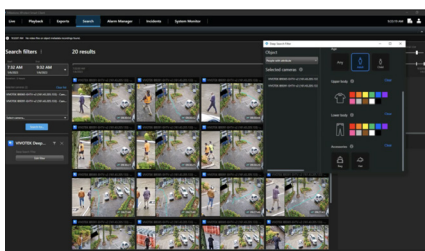

Generate case report and export video in organized

Case Vault helps user to manage footage found through Deep Search. Organize clips and export detailed case reports straight from search results, making case management easier.

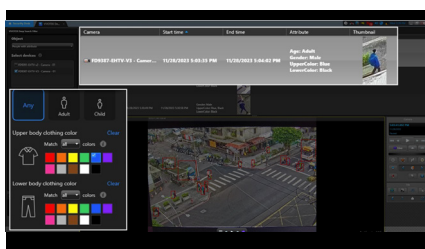

# Unified experience on Milestone and Genetec

Milestone XProtect

Easily enhance your Milestone XProtect with VIVOTEK's AI cameras for instant search evidence by attributes.

Genetec Security Center

Optimize your Genetec Security Center with VIVOTEK's AI cameras for quick evidence searching through Deep Search and export search report.

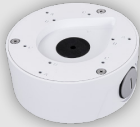

VIVOTEK Device Manager – Batch configuration

Device Manager quickly configure your cameras and NVRs. With our batch configuration, IP allocation, HTTPS/IEEE certificates, and firmware updates have never been easier, ensuring the system is always up-to-date and streamlined.
